

Your Sustainable Advantage

April 4, 2022

Dear Valued Gem State Oil Recovery Client:

We are pleased to announce the addition of Gem State Oil clients to the EcoLube Recovery family of customers.

Doug Stowers President and Owner of Gem State Oil Recovery, has selected EcoLube Recovery to take ownership of the quality customer base he has grown over the years. However, the Gem State brand will remain in place. EcoLube has operated in Idaho and the Pacific Northwest for many years, providing high quality and competitively priced environmental services. EcoLube Recovery also operates a fully permitted used oil re-refinery to produce both low-sulfur marine fuel and base lubricating oil in Portland, Oregon.

We are also extremely happy to inform you that all of the existing Gem State Oil employees including Doug Stowers have elected to stay with Eco Lube as company representatives and will be available to assist with a seamless transition and ensure the high level of customer service you have come to expect will remain intact.

Should you require any immediate account support, please feel free to contact the following EcoLube staff for assistance:
